

Technical drawing of a rectangular plate with dimensions and labels. The overall dimensions are 600 (width) by 800 (height). The drawing includes various labels and dimensions:

- Top edge: 120 (width of the top-left section), 45 (width of the top-right section), 70 (width of the top-right section).
- Left edge: 800 (total height), 100 (height of the bottom-left section), 120 (width of the bottom-left section), 100 (width of the bottom-right section).
- Right edge: 150 (height of the top-right section), 100 (height of the bottom-right section).
- Internal dimensions: 120 (width of the bottom-left section), 100 (width of the bottom-right section), 45 (width of the bottom-right section), 100 (height of the bottom-right section).
- Labels: C5, C10, C15, ①D10, ②D6, ③D10, 連結用インサート M12.

Technical drawing of a rectangular plate with dimensions and hole specifications. The plate has overall dimensions of 997 mm by 997 mm. The drawing shows a grid of holes with the following specifications:

- Hole 1:** ①D10, located at the top left corner, with a vertical offset of 40 mm from the top edge.
- Hole 2:** ②D6, located at the top center, with a vertical offset of 60 mm from the top edge.
- Hole 3:** ③D10, located at the bottom left corner, with a vertical offset of 170 mm from the bottom edge.
- Hole 4:** 3@170 = 340, located at the bottom center, with a horizontal offset of 180 mm from the center line.
- Hole 5:** Ø12, located at the bottom right corner, with a horizontal offset of 498 mm from the right edge.

The drawing also includes various dimension lines and offsets, such as 150 mm, 190 mm, 230 mm, 170 mm, 45 mm, 70 mm, 498 mm, and 499 mm, which define the positions of the holes and the overall geometry of the plate.

Technical drawing of a corner detail. The vertical dimension is labeled 715(705). The horizontal dimension is labeled 527~877. A radius of R50 is indicated at the corner.
